AND NEW ZEALAND

RANZCOG CPD
APPROVED ACTIVITY
JULY 2024 - JULY 2025

Expression of Interest NOW OPEN 26 - 27 July 2025

The Concord Urodynamics and Pelvic Floor Ultrasound Course provides a 2-day structured program in practical urodynamics for clinicians who are starting to perform urodynamics or wish to have an in-depth refresher course about urodynamics. The course is hosted by the Department of Urology and Concord Institute of Academic Surgery.

The faculty comprises of urologists, urogynaecologists and nurse practitioners. The course comprises a number of modules with lectures, panel discussion and practical hands-on workshop components for clinicians to familiarise themselves with urodynamics setup and equipment. There are 2 Advanced modules on ultrasound "hands-on" training and advanced interpretation/management of complex cases for medical practitioners.

Participants will be stratified into small groups based on prior experience for the hands-on stations to maximise learning opportunities and Q & A with faculty.

As spaces are limited, your expression of interest is required. For further information, please contact Jean Mah-Collins, Director, Concord Institute of Academic Surgery on 02 9767 9992 | jean.mahcollins@health.nsw.gov.au or Lewis Chan, Head of Urology on 02 9767 6292 | lewis.chan@health.nsw.gov.au

Cost: includes morning, afternoon tea and lunch
\$1000 for Consultants
\$800 for Trainees
\$600 for Nurses and Allied Health
