

# Quick Reference Guide - COVID-19 Temporary MBS Telehealth Services for private patients receiving specialist care in-hospital

## The new MBS telehealth specialist items apply from 15 September 2021 where:

- A private patient has been admitted to hospital; and
- The admitting specialist medical practitioner, at the time the attendance is provided, is:
  - located in an area determined by the Commonwealth Chief Medical Officer to be a COVID-19 hotspot; or
  - required to isolate because of a State or Territory COVID-19 public health order; or
  - required to be in quarantine because of a State or Territory COVID-19 public health order.

The listing of COVID-19 hotspots by the Commonwealth Chief Medical Officer can be found at the Department's website [www.health.gov.au](http://www.health.gov.au) and by searching COVID-19 hot spots.

## MBS rebate:

- The new inpatient telehealth items attract a Medicare rebate of 85% of the MBS Schedule Fee.
- Private health insurance benefits are not payable for these telehealth attendances.
- Out of pocket costs for the new items will count towards the patient's Medicare Safety Nets (original and extended).
- The fee structure for the new items aligns with equivalent face-to-face items and existing COVID-19 telehealth specialist items introduced from March 2020.
