

5TH USANZ FUNCTIONAL UROLOGY SYMPOSIUM AND THE 20TH PAN-PACIFIC CONTINENCE SOCIETY ANNUAL MEETING

Program disclaimer

Program details including session content, speakers, times, rooms, and social events are subject to change. The organising committee reserves the right to make necessary amendments due to academic, logistical, or unforeseen circumstances.

Friday 12 June 2026

11:00 – 12:30	PPCS business meeting (by invitation)	
Room:	Wharf 4	
13:00 – 14:30	Pre-conference workshops	Pre-conference workshops
	Workshop 1: LUT and Pelvic floor Medicine and Reconstructive Surgery	Workshop 2: Male LUTS BPH: Innovating LUTS management - minimally invasive BPH surgery
Room:	Wharf 1 & 2	Wharf 3 & 4
	Chairs: Eva Fong, Vincent Tse, Korea (PPCS)	Speakers and Chairs to be confirmed.
	Faculty and topics: Sophie Plagakis – <i>Non-Mesh Options for Female SUI</i> Lewis Chan – <i>Role of Pelvic Floor Ultrasound in Planning Surgery for Mesh Complications</i> Vincent Tse – <i>Female urethroplasty: a step-by-step approach</i> Anthony Kiosoglous: <i>Topic to be confirmed</i> TAIWAN (PPCS): <i>Update on managing Bladder Pain Syndrome in 2026</i> MALAYSIA (PPCS): <i>Topic to be confirmed</i>	The male LUTS/BPH workshop aims to educate the participants on the contemporary understanding of the pathophysiology of male LUTS/BPH and sexual function, and how patients (and clinicians) want a minimally invasive surgical treatment (MIST) in BPH that provides immediate benefits in terms of sustained improvements in urinary function and preservation of underlying sexual function. Recent literature on MIST in BPH will be discussed with emphasis on what is effective, durable, with early return to normal activity (and work), and more importantly, actually preserves sexual function postoperatively.
14:30 – 15:00	Refreshment break	

15:00 – 16:30	Workshop 3: Neuromodulation/OAB/UAB	Workshop 4: Penile prosthesis and reconstruction
Room:	Wharf 1 & 2	Wharf 3 & 4
	Chairs: Ailsa Wilson Edwards, other chairs to be confirmed	Chairs: Eric Chung, Jay Simhan (US), Koenraad van Renterghem, Shannon Kim
	Faculty and topics: David Ginsberg: <i>Female Functional Outlet Obstruction: How To Diagnose and Treatment Options</i> JAPAN (PPCS): <i>Nocturia Management Update in 2026</i> Amanda Chung: <i>Technical Pearls and Troubleshooting in SNM Implantation</i> Danielle Delaney: <i>Implantable PTNS - Principles and Outcomes</i> Marnique Basto: <i>Detrusor Underactivity - What is the Role of Neuromodulation and Outlet Surgery?</i> INDONESIA (PPCS): <i>Drugs, Neuromodulation and Botulinum Toxin - Can they be used in combination for Difficult OAB Cases?</i>	This workshop focuses on contemporary understanding and surgical nuances of penile prosthesis implant and artificial urinary sphincter surgery. Pros and cons of inflatable vs malleable penile prosthesis implants and “tips and tricks” will be shared by the experts. Time will be set aside for hypotheticals and “how to get out of trouble situations”. Sponsored session 
16:30	Workshops conclude	
17:00 – 18:00	Young generation forum	
Room:	Wharf 1, 2 & 3	
	Chair: Marnique Basto	
	Rapid-fire presentations	
	Speakers: Vu Huy Pham (VN) – <i>Update on outcomes of laparoscopic pectopexy in pelvic organ prolapse</i> <i>Other speakers to be confirmed</i>	
19:00 – 22:30	President’s dinner (by invitation)	
Room:	Upper Deck, Hyatt Regency Sydney	

Saturday 13 June 2026

07:00 – 08:00	Breakfast symposium
Room:	Wharf 1–3
	Topic: <i>Commonly Seen, Seldom Discussed: Topical Issues in OAB Management 2026</i>
	Chairs: USANZ, TAIWAN, INDONESIA
	Audrey Wang - <i>Urinary Microbiome and OAB: Is There a Connection?</i> -
	Malaysia PPCS - <i>How I Tackle the OAB Component in Female Mixed Incontinence - Is It As Easy As It Sounds?</i>
	CHINA (PPCS) - <i>Role of Drugs and Surgery in the Management of DO-DU (Detrusor Overactivity with Detrusor Underactivity) ?</i>
	KOREA (PPCS) - <i>Treating OAB in the Frail Elderly - Caveats and Approaches</i>
08:10 – 10:30	Plenary session 1: Neuro-urology and research science
Room:	Maritime 1
	Chairs: Eric Chung, Eva Fong, Vincent Tse
08:10 – 08:20	Opening address and Acknowledgment of Country
	Convenors' welcome and 20th anniversary recognition
08:20 – 08:35	Keynote lecture – David Ginsberg (US)
	- Modern management of neurogenic stress urinary incontinence
08:35 – 09:20	Panel discussion – <i>Neurogenic Detrusor Overactivity: A Multidisciplinary Approach</i>
	Chairs: Caroline Dowling (USANZ), Korea and China
	<i>Augmentation enterocystoplasty</i> – Van An Nguyen (VN)
	<i>Sacral neuromodulation</i> – Johan Gani
	<i>Assessment and management from Paediatric viewpoint</i> – Ivy Chan (HK)
	<i>Management from Nursing perspective</i> – Karina So
	Q&A
09:20 - 10:30	Chairs: Jeff Thavaseelan (USANZ)
09:20 – 09:35	State-of-the-art lecture - Japan: Hiroshi Shimura (JP) - <i>Recent advances in the brain micturition centre: neuronal imaging, manipulation and translation to clinical practice</i>
09:35 – 09:50	Russell Chess-Williams - <i>Is it all in the mind? Psychological stress and bladder function</i>
09:50 – 10:05	State-of-the-art lecture - Taiwan: Speaker to be confirmed - <i>Concomitant stable Parkinson's disease and BPE-LUTS in a 70-year-old male with urodynamic BOO and detrusor overactivity: approach, management strategies and caveats</i>
10:05 – 10:20	Lewis Chan - <i>The ageing lower urinary tract: what do we need to know to manage storage and voiding dysfunction in the older patient?</i>
10:20 – 10:30	Q & A
10:30 – 11:00	Morning tea with industry
11:00 – 12:50	Plenary session 2: Incontinence and erectile dysfunction following prostate cancer treatment – multidisciplinary
Room:	Maritime 1
	Chairs: China, Malaysia, Tom Jarvis (USANZ)
11:00 – 11:15	State-of-the-art lecture – South Korea: <i>Radiation Effects on Lower Urinary Tract Physiology and Urodynamic Changes and Clinical Implications</i>
11:15 – 11:30	Eric Chung (AU) - <i>Update on the upcoming 8th International Consultation on Incontinence: male stress urinary incontinence surgery</i>
11:30 – 11:50	Jay Simhan (US) - <i>The eroded bulbar AUS cuff: management and troubleshooting in complex cases</i>

11:50 – 12:05	Sean Mungovan - <i>Male continence mechanisms and the role of pelvic floor muscle training in post-prostatectomy incontinence</i>	
12:05 – 12:20	Jay Simhan (US) - <i>Penile prosthesis implantation in a severe fibrotic penis: tools and techniques</i>	
12:20 – 12:30	Q&A	
12:30 – 12:50	Multidisciplinary case discussion	
	Chair: Giovanni Losco	
12:50 – 13:50	Lunch with industry	
13:50 – 15:20	Plenary session 3: Female pelvic medicine and reconstructive surgery	
Room:	Maritime 1	
	Chairs: Lewis Chan (USANZ), Taiwan and Korea	
13:50 – 14:05	State-of-the-art lecture - USANZ: Eva Fong (NZ) - <i>The New Zealand female pelvic mesh service: from conception to realisation and results</i>	
14:05 – 14:20	David Ginsberg (US) - <i>The failed mid-urethral sling: what next?</i>	
14:20 – 14:35	JAPAN (PPCS) - <i>Uterine Preservation Prolapse Surgery: Indications and What does the Evidence Say?</i>	
14:35 – 14:50	Rasa Ruseckaite - <i>Development of a new functional PROMs tool for pelvic floor surgery using consumer co-design</i>	
14:50 – 15:05	Michael Suen - <i>Ventral Rectopexy: How It is related to the Apical and Anterior Vaginal Compartment and Utility of a Pelvic Floor MDT</i>	
15:05 – 15:20	Q&A	
15:20 – 15:50	Afternoon tea with industry	
15:50 – 16:40	Concurrent sessions	
	Concurrent Session 1A	Concurrent Session 1B
Room:	Maritime 1	Wharf 1, 2 and 3
	Chairs: USANZ, Japan and Taiwan	Chairs: Korea, Indonesia and China
	Speakers to be confirmed	Speakers to be confirmed
16:40 – 17:40	Concurrent Session 2A	Concurrent Session 2B
Room:	Maritime 1	Wharf 1, 2 and 3
	Chairs: USANZ, Malaysia and China	Chairs: China, Taiwan and Japan
	Speakers to be confirmed	Speakers to be confirmed
17:45 – 18:30	Plenary session 4: Men's health and male LUTS	
Room:	Maritime 1	
	Chairs: Indonesia, USANZ and Korea	
17:45 – 18:00	State-of-the-art lecture (Malaysia) – Warren Lo (MY) - <i>Testosterone replacement therapy in 2026: indications and evidence</i>	
18:00 – 18:30	Panel discussion and hypotheticals Eric Chung, Giovanni Losco, Henry Woo - <i>MIST for BPH: Choosing the right tool for your patients (combined USANZ male LUTS SAG and PPCS)</i>	
19:30 – 22:30	Conference dinner	
	Venue to be confirmed	
	Open to all delegates	

Sunday 14 June 2026

08:30 – 09:45	Plenary Session 5: Modern Concepts in Functional and Reconstructive Urology
Room:	Maritime 1
	Chairs: Tanya HA (USANZ), China and Japan
08:30 – 08:45	Elizabeth Dally - <i>Transitional Care: Paediatric to Adult Neuro-urology</i>
08:45 – 09:00	State-of-the-art lecture - China: Speaker to be confirmed - <i>Male Sling Surgery: What does the Evidence Say in 2026?</i>
09:00 – 09:15	Jay Simhan (US) - <i>Revitalising Urotrauma Education: Elevating Our Value in GU Practice</i>
09:15 – 09:30	Korea (PPCS) - <i>Recurrent UTI in Women: Role of Microbiome, Vaccines, and the Future</i>
09:30 – 09:45	State-of-the-art lecture - Indonesia: Speaker to be confirmed - <i>The Future of Urodynamics in the AI Era</i>
09:45 – 10:00	Koenraad van Renterghem - <i>Complex Peyronie's disease - Tips on surgical reconstructions</i>
10:00 – 10:15	Q&A discussion
10:15 – 10:45	Morning Tea with Industry
10:45 – 12:30	Plenary Session 6: Complicated Situations in Functional and Reconstructive Urology
Room:	Maritime 1
	Chairs: USANZ, Malaysia and Taiwan
10:45 – 11:00	David Ginsberg (US) - <i>The Neurogenic LUT Dysfunction Patient Who Cannot CISC: What Else Can be Done?</i>
11:00 – 11:15	Vincent Tse - <i>"Doctor Please I Don't Want a Bag!!" - The Role of Robotic Female Artificial Sphincter Implantation in Severe Intractable Female SUI</i>
11:15 – 11:30	Eva Fong - <i>Complete TVT and TOT Sling Removal Surgery: Techniques and Outcomes</i>
11:30 – 11:45	Ashani Couchman - <i>The Australasian Pelvic Floor Procedure Registry (APFPR) - Inception, Utility and Future</i>
11:50 – 12:00	Q and A
12:00 – 12:15	Jay Simhan (USA) - <i>Managing the Challenge of Post-Radiation Bladder Neck and Proximal Urethral Stenoses</i>
12:15 – 12:30	Anita Clarke - <i>The Hostile Abdomen with Multiple Scars: How Do I Approach It?</i>
12:30 – 12:45	Jin Yong (SG) - <i>Bladder Diverticulum - When to Intervene and the Role of Urodynamics</i>
12:45 – 13:00	Q&A discussion
13:00 – 14:00	Lunch with Industry - Foyer
14:00 – 16:15	Plenary Session 7: Nocturia, Ethics, and Nightmares
Room:	Maritime 1
	Chairs: USANZ, Korea and Indonesia
14:00 – 14:15	Wendy Bower - <i>Why Nocturia is NOT Just About Waking Up Once a Night to Pee?</i>
14:15 – 14:30	David Ginsberg (USA) - <i>The Cancer is Gone, But the Bladder Remains: What Next?</i>
14:40 – 15:00	Debate: <i>Should AI Be Used in Research Publication Preparation and Review?</i> MALAYSIA (PPCS) vs Ada Ng (Hong Kong)
15:10 – 15:50	<i>Nightmares in functional and reconstructive urology</i> TAIWAN (PPCS) - Speaker to be confirmed - <i>Should We still Use Mesh in Female Urology?</i> Dominic Lee USANZ - <i>Ileal Neobladder Incontinence Post-Radical Cystectomy in Men: What Can be Done?</i> Q and A <i>Stenosis and Severe Sphincter Deficiency Post-Radical Prostatectomy Incontinence: Is it Necessary to Stabilize the Stenosis Prior to Continence Surgery with Sling or AUS?</i> YES - Tom Jarvis NO - Janelle Brennan
15:50 – 16:10	Crossfire Finale - <i>A healthy 65 yr old with a Difficult to Stabilize 2cm Recurrent Bulbar Urethral</i>
16:15 – 16:30	Closing ceremony - Announcement of PPCS 2027 by the Japanese Continence Society (JCS)
16:30	Conference Close
