

# 2026 Epworth Urology Masterclass

## Benign Prostatic Hyperplasia (BPH)

**Saturday, 9 May 2026 | Park Hyatt, Melbourne 8.30am - 5.00pm**

This masterclass will provide a comprehensive update on the modern surgical management of benign prostatic hyperplasia, covering HoLEP (Mr Tev Aho), robotic simple prostatectomy (Dr Andrew Fuller) and the latest minimally invasive surgical therapies. Our international guest speaker, a global leader in HoLEP and MIST for BPH, will present novel techniques including ejaculation-preserving HoLEP, Rezūm, UroLift and Aquablation. A dedicated nursing education program is also scheduled.
