

APFPR NEWSLETTER

Australasian Pelvic Floor Procedure Registry

Issue 11: February 2026

DATA SNAPSHOT

PRIMARY: First procedure to treat a diagnosis.
SUBSEQUENT: Procedure to manage recurrence or complications from previous procedure(s) e.g., revisions, excisions.

DATA CUT - 28 FEBRUARY 2026

The **2025 APFPR Annual Report** will cover all procedures performed up to **31 December 2025**, with **over 2,300 procedures** already captured.

To ensure the report is comprehensive and accurate, please add all procedures with a surgery date in 2025 or earlier to the registry database by **28 February 2026**. Remember to include **post-operative outcome information** where applicable.

New to the registry or need a refresher on how to use the database? Email apfpr@monash.edu to organise an online APFPR Database training session!
