**Update Re: Advantage Fit Blue M0068502120, Advantage Blue M0068502050, Obtryx II Halo M0068505110,
Obtryx Halo M0068505000, Upsilon Y Mesh Kit M0068318220**

Dear Valued Customer,

Upsilon Y Mesh

TGA met with BSC and came to the mutual agreement that TGA will freeze the review process on Upsilon Y Mesh until further clinical data is available. BSC plans to have this data ready for TGA in November 2021. The next possible date for inclusion on the Prostheses List is now July 2022 pending a valid ARTG.

Advantage Fit Blue, Advantage Blue, Obtryx, Obtryx II

All BSC mid-urethral slings are still under review by TGA. We are confident the applications are progressing based on the nature of the questions but cannot comment on when the review will be complete.

Thank you for your patience during this time. Please reach out if you have any questions.

Yours Sincerely
